

Dear Graduate recruitment manager,

I wish to apply for the Byrne Wallace Summer Internship programme 2024.

I have been a legal intern at the law firm Clerkin Lynch LLP and was in this occupation May from 2023. I am currently undergoing FE1 examinations in the Law Society of Ireland and have currently passed 4 exams to this date with the intention of having the other 4 exams complete by the end of 2024 with the aim of starting my professional practice in 2025. I am also undertaking a masters in law in DCU in 2024/2025 to further enhance my education.

I would like to join this summer internship programme because it will allow me to gain more practical experience in the legal field in a major firm and also gives me a great opportunity to learn and develop from the experienced professionals within Byrne Wallace. It is also a chance for me to apply my knowledge and further develop my skills to becoming a successful solicitor in the future. I have an interest in most aspects of law and I am keen to try and learn as much as I can in each section before I decide what I would like to specify in the future and I feel like Byrne Wallace would provide me with the best opportunity to do this. I feel that I would be a good team member to your firm as I am hardworking, eager to learn and determined to succeed as a solicitor. If you have anything available in your firm, I would be very happy to work and learn under the guidance of your firm.

Thanks for taking the time to read my application and I look forward to hearing from you.

Thanks,
Andrew
