To whom it may concern,

My name is Bentley Jimmerson and I am currently a final-year student at Trinity College Dublin. I am pursuing a Law Major and Business Minor and will be graduating with a predicted high II-I overall.

I am a highly ambitious person with a long history of in-house work in law firms as a legal assistant/solicitor's clerk. As such, I have had a passion and appreciation for the law and the legal practice for the last seven years.

The skills that I possess that make me a great addition to a law firm are my compassion, my dedication, my attention to detail, and my relentless curiosity to know as much information about my career as possible. I bring a positive and hard-working energy to the environments in which I work and am willing and able to be challenged and accomplish new goals.

I value any opportunity that you could potentially offer and look forward to hearing from you.

Thank you for your time and consideration,
Bentley Jimmerson
