ByrneWallace LLP Graduate Recruitment

88 Harcourt Street, Dublin 2, D02 DK18, Ireland

Dear ByrneWallace Recruitment,

RE: ByrneWallace LLP Summer Internship 2022

I am writing to express my interest in the Summer Internship programme advertised on the ByrneWallace careers page. I am a postgraduate student of Law at Trinity College Dublin and I am very keen to build a career in Law as I intend on starting the FE-1 this year.

My academic background in law and professional experience in compliance has equipped me with the analytical, critical thinking and research skills to carry out this type of work. I know from reading ByrneWallace's values that you look for passionate self-starters with client oriented mindsets, and I believe I fit this criteria as I have taken the initiative in my previous work experiences in customer service and am passionate about working in law.

I have also gained practical experience working as a fraud investigation specialist at Amazon Ireland. In this role, I evaluated and drafted documents at a sound level. I have also demonstrated a strong ability in carrying out concise research and have shown collaborative nature from academic and professional experience.

I am interested in working at ByrneWallace because I know there is a lot to learn to become a legal professional and I know ByrneWallace offer excellent in-depth training and career development opportunities to its people. I am also impressed by ByrneWallace's CSR strategy and the support you give charitable organisations promoting sustainability within the firm. I would welcome the opportunity to progress to the interview stage to show that I can be a **Future Lawyer**.

Yours Sincerely,

Eric Fung
