**Manager of the Summer Intern Programme,**  
ByrneWallace LLP,  
88 Hartcourt Street,  
Dublin 2

Dear Sir/Madam,

My name is Esme Honan and I am writing to you to apply for the Summer Internship Programme. I am a final year law student, who has recently completed an eight month internship with Intertrust Ireland as part of my degree. I believe that I am an ideal candidate for the Summer Internship Programme, as I have gained invaluable experience in a corporate environment.

I believe that I would be a great addition to the firm, as I am always ready for a challenge and enjoy being pushed out of my comfort zone. Since completing my internship in June of 2021, I have gained a multitude of skills which I believe are directly applicable to a corporate law firm. Through working in a busy corporate environment, I have enhanced my multitasking skills, as well as my ability to communicate and work well under pressure. Dealing with colleagues, clients and other corporate firms on a daily basis, has enabled me to develop in both a personal and professional capacity; I believe that these are important traits that one should possess when working for a commercial law firm like ByrneWallace.

I have always had an interest in law as my father is a solicitor. While working in his practice I have seen first hand how a busy solicitor's office operates. However, I would very much welcome the opportunity to gain further experience in a distinguished commercial law firm such as ByrneWallace. The broad scope of legal areas within the firm also appeals to me. I relish the challenge of working in a dynamic corporate environment as I have done to date.

I believe that I would be an asset to your programme. This internship would afford me the ideal opportunity to take the next step on my journey to becoming a solicitor and working for a commercial law firm.

Thank you for your consideration.

Yours faithfully,

**Esme Honan**
