## **Summer Internship Programme**

Dear Ms Loftus,

I refer to my application to ByrneWallace LLP Summer Internship Programme.

My reasons for seeking participation in this programme are multi-faceted and can be summarised as follows:

- Studying a law degree (including an Erasmus year in Krakow, Poland) with the long-term objective of qualifying as a solicitor with a top Irish law firm - the internship programme would be an excellent pathway towards this objective.
- I have already worked in a small litigation practice with a specialty in High Court work and as such I would benefit greatly from working with ByrneWallace LLP.
- Gaining valuable experience & insight by actually working within the environs of a top Irish law firm.
- Working & training with leading individuals in various practice areas.
- Enjoy working in a challenging environment where the expectation is one of excellence, in an international context.
- Enjoy working within a team and also independently as and when required.
- An immense interest in the law across a number of practice areas and look forward to gaining practical experience as to the application of the law, in a modern business environment.
- Enjoy being in a positive workplace and in this regard, I have received very good reports from alumni, about their experience of the ByrneWallace LLP Summer Internship Programme – both the work and the social activities.

Should you require further information please do not hesitate to contact me.

Please also let me know should you require any references.

Yours sincerely,

*Kimberley O'Brien*
