

Felipe Álvarez

Dear Byrne Wallace hiring team.

I am writing to express my enthusiastic interest in the 2024 summer internship program at Byrne Wallace. With a diverse educational background and extensive experience in legal research and analysis, I am eager to contribute to your esteemed firm and further develop my skills in a dynamic legal environment.

Currently pursuing a Master of Laws in Legal Studies with a specialization in Human Rights at Alma Mater Studiorum Universita di Bologna, I have honed my abilities in administrative and international public law. My academic journey has equipped me with a comprehensive understanding of legal frameworks and a passion for advocating for social and economic rights. Furthermore, my recent diploma in Economic, Social, Cultural, and Environmental Rights from the University of Buenos Aires has deepened my knowledge and commitment to addressing complex legal issues affecting communities globally.

My professional experiences have provided me with invaluable insights into the intersection of law and technology. As a Legal Tech Analyst at Sweet Legal Tech in Milan, I conducted extensive market research and tested numerous legal technologies, contributing to strategic decision-making and enhancing client services. Additionally, my tenure at Amazon as a Compliance Sr Associate allowed me to navigate intricate regulatory landscapes and ensure adherence to local regulations across international marketplaces. These roles have not only strengthened my analytical and problem-solving skills but also instilled in me a strong sense of diligence and attention to detail, qualities I believe are essential for success at Byrne Wallace.

Moreover, my commitment to advancing human rights is evident through my internships with organizations such as the United Nations Educational, Scientific and Cultural Organization and the University of Costa Rica Legal Clinic. These experiences have afforded me the opportunity to engage in impactful projects, from facilitating refugee journalist support networks to representing beneficiaries in legal proceedings. I am particularly drawn to Byrne Wallace's reputation for its dedication to corporate social responsibility and pro bono initiatives, and I am eager to contribute to your firm's commitment to making a positive impact on society.

Beyond my academic and professional achievements, my multilingual proficiency and proficiency in various software and programming languages enable me to collaborate effectively in diverse teams and adapt to evolving technological landscapes.

In conclusion, I am eager to bring my passion for public law, legal expertise, and dedication to excellence to the Byrne Wallace team. I am confident that my unique blend of skills and experiences make me a strong candidate for your internship program, and I look forward to the opportunity to contribute to your firm's success.

Thank you for considering my application. I am eager to further discuss how my background aligns with the goals of Byrne Wallace.

Sincerely, Luis Felipe Álvarez Vega
