RE: Summer Internship Programme 2022

Dear Sir/Madam

I am a third year Law and Business student at NUI Galway and FE-1 candidate for the March 2022 sitting. I am ambitious, hard-working, and adaptable under pressure which I have proven since I was sixteen. Having continuously worked part-time/full-time since my teens in order to maintain financial independence and successfully balancing my studies and grades alongside work.

I am currently completing a nine-month placement at Philip Lee as part of my degree. I spent six months in the Healthcare/Litigation department, and I am currently in a property seat. This experience has allowed me to witness the daily life of a solicitor and the work of a trainee, this has motivated me to begin my FE-1 exams.

I would love to partake in Byrne Wallace's Internship Programme as I feel the culture of the firm is what I would thrive in as a lawyer. To have the opportunity to work alongside some of your excellent legal practitioners would be invaluable to someone of my level, starting my career in law. I am interested in a property seat, and I saw your work with Circle Voluntary Housing Association which is positive as a young person in Ireland during the housing crisis. I am also interested in Employment, and I have not gotten the opportunity to work in this area of law yet and I saw the support of Byrne Wallace at the CIPD Employment Law Seminar. However, I really enjoyed my time in litigation, and I would also appreciate further experience in litigation/dispute resolution, after listening to Byrne Wallace's Year in Review 2021 Litigation and Dispute Resolution I would love to gain some experience working in the litigation team at Byrne Wallace.

I look forward to hearing from you.

Kind Regards

Rebecca Flanagan
