Dear Hiring Manager

I have been eager to send my application for the summer internship program in since I saw on your LinkedIn that applications were open. I am finishing my final year of the LLB and would love the chance at an internship with ByrneWallace as I've always wished to work in the commercial law sector.

From my work in Gilmartins Solicitors in Galway, I have gained an interest in property and employment law and I believe that ByrneWallace Llp would be the perfect place to foster this interest as a top 10 firm in Ireland and the only one with a Lexcel accreditation.

I hope this letter finds you well and I look forward to hearing from you.

Kind regards,

Rupert
