- **Semester 2:** Contemporary Issues in Intellectual Property Disputes, EU Digital Single Market (Media and Content Regulation) and AI, Ethics, Regulation and Governance.

### **Work Experience**

- **City Winery, Chicago Riverwalk, Chicago**

Server

Summer 2022

I spent two months working abroad as a waitress in Chicago. The role required me to work with a team to provide high-quality service to guests. I was tasked with upselling the menu, driving sales and ensuring customers had a great experience. Attention to detail and time management was crucial to excelling in this role, ensuring tables were properly set up and that everything ran according to schedule. I was tasked with handling cash, maintaining my own float and paying back the house at the end of a shift. Furthermore, City Winery required a lot of flexibility and adaptability with shifts changing and the role adjusting depending on what needed to be done, including helping the bar to prepare drinks and training new members of staff.

- **UCD Foundation**

Student Caller

January – March 2020

During my time as a student caller, I worked as part of a fundraising campaign contacting UCD alumni to raise funds for scholarships. This was a challenging but rewarding role that required me to draw on my excellent interpersonal skills to successfully navigate conversations, pitch our scholarship programme and secure donations. This position further developed my ability to think on my feet and deal with various issues that arose on calls.

- **Finnegan’s Restaurant and Mary Anne’s Tearoom, Tralee**

Waitress/Manager

2014 – 2020

My role at Finnegan’s Restaurant and Mary Anne’s Tearoom was expansive. The restaurant and tearoom were family-run businesses. Thus, I grew up learning a lot of the background elements that contribute to making a business successful. In my capacity as a waitress, I was tasked with a customer-facing role that helped me develop many of the skills that I further honed at City Winery (discussed above). Outside of ensuring customers had a great experience throughout their visit, I was involved in the management of the restaurant. For example, I liaised with the chefs to curate menus for special events and I was involved in recruiting and training new staff. Furthermore, I monitored cash flow, made business lodgements and ran the till end of day. These responsibilities required me to be creative, reliable and diligent.

### **Voluntary Work / Extracurriculars**

- **Saint Vincent De Paul**

I partake in SVP’s street outreach programs which are run through student societies at both at UCD and TCD. As part of a team, I provided short-term comforts to those who are homeless in the city centre. Comfort in this context ranges from providing essential hygiene products, food and warm drinks to informing them of hostels where they could find a bed for the night. Often, our role is to simply provide some compassionate company to people who are navigating an incredibly difficult stage of their life.

- **Trinity Free Legal Aid Centres**

I am a member of the Trinity FLAC Society. I contributed to the FLAC research project examining children’s rights. I researched and co-wrote a chapter on children's rights online with two of my peers. This allowed me to combine two of my passions; cyber law and volunteering.

- **2023 Law Student Colloquium**

I am a committee member of the 2023 Law student Colloquium. The Colloquium is a student-led conference showcasing research by undergraduates, postgraduates and recent graduates from across the globe. I assessed submissions for our shortlist and our best essay prize, developing my analytical skills. I liaised with team members to advertise the event and acted as the point of reference for communications with post-grads. I managed people on the day, monitoring tickets and meeting with catering. We were honoured to have Noeline Blackwell deliver the Brian Lenihan Memorial Lecture. In the end, the day was a great success.

### **Hobbies/Interests/Achievements**

- I am an active person. I grew up swimming and horse riding competitively which gave me great discipline. Now I enjoy boxercise classes and spend my free time hiking or sea swimming with friends and family.
- I love to travel, exploring both Greece and Chicago this past summer.
- I enjoy listening to podcasts as a tool to remain up to date on all that is happening in the world in both politics and commerce.
- Irish Board of Speech and Drama Grade 8
- Bright Network Academy’s Commercial Awareness course 2021
- Suas Global Perspectives Program 2020
