The Dublin Academy of Education - 2021 Leaving Certificate
Loreto Abbey Dalkey - 1st to 4th year
Junior Certificate - 2018
Colaiste Na Rinne - 6th class
Loreto Primary, Dalkey

CAREER HISTORY

Science Instructor: Worked as a Science Instructor for Junior Einsteins Science Club, Dublin from July to August 2023. I worked with young children between the ages of 5 to 11 and would assist them with science experiments. For this job I had to arrive early before camp to set up, take stock and prep the experiments needed for that day. During camp hours I would do a demonstration of an experiment and then assist the children with their own experiments. After camp I would clean up and ensure everything was organised for the next day.

Assistant: Worked for the UCG property management company Campus Living. I ensured that the individual apartments were ready for new tenants during the summer season. I helped manage a team of housekeepers and maintenance personnel. I followed the strict rules regarding health and safety procedures. Additionally, I have completed my manual handling training.

Sailing Assistant Instructor: Worked as a sailing assistant instructor from June 2019 until

August 2019 at the National Yacht Club, Dun Laoghaire. I worked with a variety of people from different backgrounds, different ages and capabilities. I taught children how to sail safely at sea, I also worked with disabled young adults, assisting them when they sailed at sea. As a result I have been Garda Vetted and completed multiple First Aid training courses for these functions.

OTHER ACTIVITIES

- Gaisce – Special Olympics Gymnastics – Tivoli Tigers, weekly volunteer working with young children and young adults from 2018 - 2019
- Member of St John's ambulance – qualified in First Aid
- Member of Debating Team at The Dublin Academy of Education
- Member of Tag rugby team Loreto Abbey, Dalkey (former)
- Order of Malta - Qualified in Emergency First Aid - Sept 2018
