A capable, willing and driven person, of whom is, seeking employment to gain further practical experience and engage with others in various fields of work. My overall objective is to complete my Law degree and commence my FE1's, with a view to practicing Intellectual Property and Trusts law in the future, alongside being open to other areas of the law.

EXPERIENCE

2013 – 2018

SPECIAL NEEDS ASSISTANT, ST. PATRICKS, SPECIAL NEEDS SCHOOL, ENNISCORTHY.

For the last 4 summers, I have worked as an SNA supporting students with high medical needs and severe profound disabilities. I have exercised excellent communication skills and have demonstrated the ability to efficiently work with a team in varying situations. This post has taught me how to work efficiently and effectively as part of a team.

2017 – 2018

STAFF MEMBER, KELLY COLFER, SON & POYNTZ SOLICITORS, NEW ROSS.

My role in this firm consisted of both basic office duties and floor-work. I enjoyed meeting and interacting with the clients of my employer. I was predominantly closing files in both hardcopy and electronically through the use of 'KeyHouse' software. I received glowing feedback from my employer, and if the reader of this CV were to contact him, he would highlight my adaptiveness and employability. I developed a good relationship with other staff members also. In certain instances, I was also asked for my own opinion/research on specific legal matters. However, due to accessibility reasons given his practice is located in New Ross, I have chosen to not seek further employment, as it is more practical to seek employment "closer to home".

2019

STAFF MEMBER, JULIE BREEN SOLICITORS FIRM, FERNS, WEXFORD.

Similarly, I worked for another practicing solicitor. Again, my duties consisted of office work, however I gained valuable interpersonal and client related skills. As well as furthering my communicative skills when engaging with clients and members of staff. My work in Ms Breen's was very beneficial and has helped supplement the skills I had already acquired prior, alongside allowing some insight into how other firms operate.

EDUCATION

2010 - 2016

SECONDARY SCHOOL, COLAISTE AN ATHA, KILMUCKRIDGE

Completed both the junior and leaving certificate cycles here.

2016 - FINAL YEAR

BACHELOR OF LAW (LLB, INTERNATIONAL), NUIM

Also, I feel it noteworthy to add that I have had the privilege of studying some international masters' business and trade law subjects while abroad in the French university, Universite de Catholique Lyon, of Lyon, France. These include: International Investment law, Arbitration law, Intellectual Property law, International Contract law, Cyber law and the practical Legal Skills class.
