EXPERIENCE

OOMPH! WELLNESS,
ACCOUNT MANAGER
SEPT 2015 - PRESENT

Oomph! is one of the UK's fastest growing social care start-ups whose mission is to transform the quality of life of older adults. As an Account Manager my role is to build and manage relationships with key stakeholders within our clients and to understand their strategic business needs. Alongside the rest of the Account Management team I work closely with clients to implement Oomph! services within their business and ensure all deliverables are met on time and to budget. I support our clients to maximise impact through utilising Oomph! services and engage with them to identify products, research and marketing solutions to best suit their needs. I track, analyse and report on Oomph's impact data to evidence our practices. I also work closely with the head of Account Management and COO to identify opportunities for clients and work towards team client retention and upsell targets.

HARVARD LIBERAL ARTS
BEYOND BORDERS,
SEMINAR LEADER
AUG 2015

As a Seminar Leader in the 'Harvard Liberal Arts Beyond Borders' Summer school in Tokyo, Japan I was responsible for developing a curriculum, identifying learning objectives and presenting a high quality seminar to small groups of exceptional Japanese high school students. During each seminar I facilitated student learning through discussion and activities and provided feedback on assignments. Engaging with the high school students on my topic of choice 'Social Entrepreneurship' was a stimulating experience and challenged me to be adaptable, work under pressure and improve my confidence in public speaking.

BROPHY SOLICITORS,
LEGAL INTERN
NOV 2014 - JUN 2015

My responsibilities at Brophy Solicitors included compiling briefs for counsel, books for court, and files for review as well as conducting case research and writing weekly articles for their blog. I also undertook a wide range of clerical and administrative tasks such as lodging documents, file management and dealing with correspondence. This internship has been invaluable to me as an aspiring solicitor, particularly because, as a busy, rights based firm, Brophy Solicitors has allowed me to engage in areas which I am very interested in.
