PERSONAL PROFILE

A dynamic individual passionate about people, law and hockey, I recently completed the masters of law (LLM) at Trinity College Dublin. I am an experienced leader and organiser with strong attention to detail, who is analytical and has the ability to communicate effectively with diverse audiences. Studying for the LLM has given me the opportunity to broaden my knowledge, to further explore and research areas of the law in which I am most interested i.e., Data Protection Law and Regulation of Alternative Investment Funds. In my spare time, I play hockey to a high level. I am now working as a legal receptionist while I prepare to sit the FE-1 exams.
