## Professional Experience

### **Costain Group Plc**

Costain is a British construction and engineering company. I was working on the £2.4 billion Framework Eight20, responsible for delivering Thames Water's Asset Management Period program from 2015 - 2020.

### Safety, Health and Environmental Advisor

*Key Responsibilities:* Sep 2015 - Jun 2018

- Managed the safety, health and environmental issues on 11 construction sites with individual costs ranging from £5m - £100m.
- Provided legislative backed advice for all members of the sites teams.
- Attended, contributed and facilitated high level progress meetings with directors, project managers, client representatives and members of the supply chain.
- Developed relationships of trust and confidence with a wide variety of construction and engineering staff.
- Developed and delivered a number of presentations and workshops to both ground workers and project managers.
- Produced procedures and policy documentation that were certified by the group health and safety director before being distributed across the business.
- Carried out company scored inspections that required an in depth knowledge of all company working procedures and relevant legislation.
- Performed incident investigations on a wide variety of Incidents. This involved taking witness statement, producing incident reports, and organising lessons learned sessions.

## Skills Profile

**Computer:** Excellent knowledge of Microsoft Office

**Organisational:** Skills such as self-management, time management and attention to detail acquired through:

- Working on a wide geographical spread of construction sites
- Completing projects and tasks for managers and project managers
- Producing documents, completing scored inspections and incident investigations

**Presentation:** Comfortable public speaker with experience in a variety of settings such as:

- Progress Meetings
- Busy Construction Sites

**Communication and Interpersonal:** Excellent teamwork and interpersonal skills gained through:

- Interacting with a number of site teams, some more receptive than the others
- Having a constant line of communication open with the client, Thames Water
- Extracurricular activities e.g. London Academy of Music and Dramatic Art

**Leadership & Teamwork:** Leadership and Teamwork skills acquired through:

- Driving a safety culture on construction sites
- Vice Chairperson of the Costain Graduate Academy
- Project managed a graduate project to bring flooding level sensors to market.

## Personal Achievements

- Awarded chartered membership status from the Institute of Occupational Safety and Health (IOSH) in June 2018
- Won the Leinster Schools Senior Cup in Rugby with Clongowes in 2010
- Played in two U20 All-Ireland Finals with Lansdowne FC
- Won the Clare Junior A Football Championship 2018 with Eire Og Ennis
- Won both gold and silver Leinster league netball medals at School and University
- Achieved grade 4 in the Royal Irish Academy of Music clarinet examinations
- Qualified Mental Health First Aider from Mental Health First Aid England

## Personal Interests

- **Sports:** Active member of Eire Og Ennis and Ennis RFC.
- **Volunteering:** Completed the Thames Water raft race to raise money for WaterAid
- **Environmental Charity Work:** Spent many weekends helping an ecological group clear waste land to make it more hospitable for badgers and reptiles.
