Stage 2: First Class Honors - GPA 3.72

Stage 1: First Class Honors - GPA 3.70

Mount Anville Secondary School

LEAVING CERTIFICATE

Results: 555 points

EXPERIENCE

Work Experience | A&L Goodbody

13/01/20 – 17/01/20

- I conducted research into legal developments, attended meetings and took part in the A&L Law-Start Programme which greatly aided my understanding of the role of a corporate law firm.

Lounge Staff | The Goat Bar and Grill

MAY 2019 – JANUARY 2020

- My role involved delivering beverages to customers and collecting payment through use of a float in a fast paced, dynamic environment.
- I displayed multitasking skills in ensuring that my various roles such as delivering drinks, barista service and kitchen work were completed each night in an efficient manner.
- I provided excellent customer service by ensuring that customer's needs were tended to throughout the night. I also was required to communicate these needs to fellow co workers and management where necessary.

Work Experience | Byrne Wallace

29/07/19 - 02/08/19

- I was afforded the opportunity to shadow Sinéad Kearney for the week.
- I was provided with case files to read. I then had the opportunity to attend court hearings to see how some these cases developed and was tasked with taking notes of the proceedings in court. This experience greatly aided my understanding of the litigation process.

Sales Associate | Sunglass Hut, House of Fraser

JULY 2017 – MAY 2019

- My primary role involved approaching and engaging with customers in order to assist them in finding the most appropriate pair of sunglasses to suit their specific needs.
- I also strengthened my multitasking skills through calculating and communicating sales figures to the head office whilst providing customer service on the shop floor throughout the day. This profit-focused analysis of sales figures also aided my commercial awareness.
- I have completed additional training and accreditation in product knowledge.

SKILLS

- **Interpersonal and Communication** – I developed these skills through client-facing roles in my part time jobs as I was afforded the opportunity to build up a strong rapport with customers and to work as part of a team.
- **IT** – I have completed an ECDL course and am confident in using technology.
- **Teamwork** – I am an excellent team player from working and supporting others in both of my part time jobs. This skill has also been developed throughout a variety of group-projects whilst in college.
- **Negotiation** – I have taken part in numerous negotiation workshops where I have learned new techniques and skills.
- **Leadership**- I have strengthened this skill from training in new staff members in both of my workplaces.
- **H1** in French in the Leaving Certificate

ACTIVITIES AND ACHIEVEMENTS

- I am currently on Erasmus in Bocconi University in Milan where I hope to fully immerse myself in the Italian culture by travelling as extensively as possible. Due to the fact Bocconi is currently ranked 4th in Europe in Business Management and Economics, I hope that my studies will further develop my commercial awareness when analysing legal issues.
- I was selected by University College Dublin to take part in the UCD Commercial and Corporate London Law Trip 2019.
- I have an interest in travelling. Last summer, I travelled to Vietnam and Thailand where I had the opportunity to learn about the different cultures by taking part in traditional cooking classes, attending guided tours and visiting famous landmarks.
- I enjoy staying active; I have taken part in numerous organised runs, such as the Flora Women's Mini Marathon which I ran for the Irish Cancer Society.
- I have a passion for sprinting and have represented Mount Anville in the 200m Individual Sprint and 100m Relay Sprint in the East Leinster Athletics Competition
- I play the piano to Grade 6 level
- I enjoy playing team sports. I played hockey in school as well club hockey in Hermes Hockey Club.
