Experience

Deloitte's Corporate Tax Department, with letter of reference.

Wed, 7 June 17 - Fri, 26 Aug 17

- This involved preparing the corporate tax returns for large multinational companies as well as working on tax consultancy projects with the aim of minimizing client's corporate tax liability. I was also a member of multiple successful government and private tendering teams as well as reviewing internal systems regarding new European anti money-laundering legislation and working closely with section 110 companies.
- I feel that this role helped me develop both tax specific and general professional knowledge. It also improved my ability to multi-task while still maintaining the necessary attention to detail needed when drafting proposals, tenders or tax reports. Lastly, I feel my time in Deloitte increased my verbal and written communication skills as I worked with people at all levels both inside and outside the firm.

Jan O'Sullivan TD Constituency Office, with letter of reference.

Tues, 2 Aug 16 – Thurs, 22 Sept 16

- This involved predominantly public policy work, with particular focus on Labour's Housing Plan. I also reviewed new legislation, evaluating and summarizing how it affected Ms. O'Sullivan's Portfolio of housing.
- I feel like this role helped me greatly in my understanding of the legislative system and by extension my understanding of legislation itself. It also bolstered my project management skills as I was expected to deliver concise and clear legal information to meet deadlines.
