Experienced professional blending Legal expertise with Marketing/Events. Proven in fast-paced environments like TikTok and equipped with strong client building abilities from the events industry. Recent roles in marketing for major brands showcase a dynamic approach and strategic impact, particularly with brands such as Jameson and Peroni. A strong communicator with the ability to work in a fast paced, challenging environment always delivering results. I believe my combination of skills working in the Events and Legal industry has given me the necessary skills to advance in a Training contract.
