TO WHOM IT MAY CONCERN :

Dear Sir/Madam,

It is an honor and a privilege for me to provide this letter of recommendation for M. Aaron HARTE HUGUES in support of his application for an internship in your prestigious Institution.

I have known M. HARTE HUGUES as he joined the Lyon Catholic University Law School in 2018/2019 as an Exchange student for a one-year international mobility.

He is a hardworking and conscientious student who always showed high zeal at studies, made intelligent contributions during the class discussions and demonstrated familiarity with the relevant rules in his assignments.

He did very well, especially in the two courses related to Intellectual Property: *International and European Intellectual Property Law (17/20)* and *Trade and Intellectual Property Rights (17/20)*.

M. HARTE HUGUES expressed an interest in both theoretical and practical approach on legal matters.

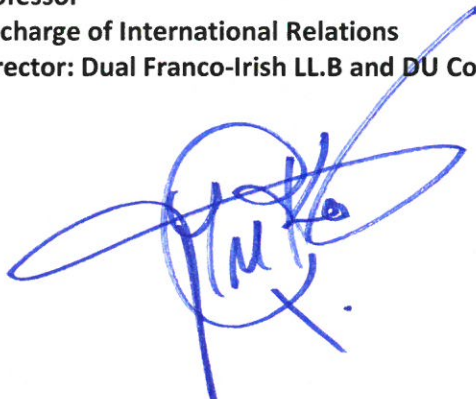

Finally, I am honored and pleased that he asked me to provide this reference in support of his application. He will apply himself with dedication and commitment to achieve the high goals he always sets for himself. I am confident that he will bring maturity and integrity to his tasks.

That is why, I strongly recommend him for the internship he is applying for.

Should you wish any further information or clarification, do not hesitate please to contact me.

Yours faithfully,

Dr. Louis-Daniel MUKA TSHIBENDE
Associate Professor
Vice Dean in charge of International Relations
