Dear Ms. Beth Onslow,

I am postgraduate student at the University of Limerick and am writing to apply for a Trainee Solicitor Programme with the Byrne Wallace. I am currently undertaking Masters in Law in International Commercial Law. I expect to graduate in September 2018.

I have reviewed your website and read the comment of the previous Trainee about the program. It has given me a clearer idea of the work undertaken by the law firm. I have been impressed with your wide range of practice in different legal sectors.

I have undertaken a year placement under Senior Advocate J.P. Joshi at Rajasthan High Court, developing my client, case management, and negotiation skills to a point where I have been given responsibility for handling cases with minimum supervision and have won significant claims. As my CV reflects, I have previous experience in the area of Corporate Law. Also, I have done my bachelor is Corporate law Honours and I have done internships under the corporate law firms.

In addition to my experience and personal qualities, I have a solid educational foundation and a passion for legal support. I am extremely enthusiastic about Byrne Wallace Law Firm focus on commercial, tax, intellectual property and international arbitration and would welcome the opportunity to contribute to your continued success in this area.

I hope you will consider my application and offer me an opportunity of an interview. I will be available for interview at any time and can contact by email or by telephone.

I look forward to hearing from you.

Your sincerely

Abhilash
