Dir Sir/Madam,

I would like to begin by thanking you for taking the time to consider my application. As you've already noticed I am currently living in Vancouver. I recently moved here, June 2022, and began working for a major law firm who cover all aspects of law except criminal, Boughton Law. I have recently passed all the Fe1 exams and availed of the grace period to travel and work in a different country before I begin my Trainee Contract. It has been great experience, and as Vancouver is part of the British Commonwealth there is a lot of overlaps with Irish law.

I'm aware there may be a lot of applications and I'll try keep this short and sweet. I am seeking a Training Contract from a firm where I believe I will be challenged in a friendly working environment. I became aware of the Programme via LinkedIn and after researching the firm believe it would be a good fit for me in the future.

I would love the opportunity of an interview in the future. Looking forward to hearing from you.

Kind regards,
Christopher.
