Re: ByrneWallace Summer Internship Application

Dear Sir/Madam,

The advertisement for the Summer Internship Programme captured my interest as soon as I read it on the website and I am now writing to apply for a position on this programme. I am a first year Masters in Common Law (MCL) student in UCD, having graduated from my undergraduate BA in Economics and Politics with International Relations last September with a GPA of 3.53. I received a GPA of 3.60 in my first trimester results from the MCL.

I solidified my aspirations to pursue a career in law during my undergraduate degree in UCD. I have always had a keen interest in law and was not satisfied with being given high-level statements such as “these are the laws that govern this particular area in society”. I needed to know why the law was the way it was and to whom it was there to benefit. I have always known I would choose a career that challenges me on a daily basis but, also one that I was passionate about. Law for me encompasses everything I want from my future career. It combines hard-work, research, resilience, self-motivation and creativity, all features of the profession I know I possess.

ByrneWallace’s reputation is a key factor for me in submitting my application. ByrneWallace is a renowned commercial law firm whose growth, vision and history appeal to me. I would be proud to intern for a Company with a reputation for its dedication to excellence as this is always something I strive to achieve.

The Firm recently advising Elgin Energy on securing capital for the expansion of their business, advocating a renewable power source change is something that resonates with me. I would be proud to work for a commercial firm who is actively seeking to pursue deals like this with clients.

As a passionate and highly motivated person, I am confident that I am a good fit for ByrneWallace. An internship with the Firm would be continuously challenging and intellectually stimulating, and would allow me to thrive in a fast-paced, busy and challenging team environment. An internship with ByrneWallace would afford me the opportunity of working alongside Solicitors who are industry leaders and who can share their knowledge and expertise to help me to become the best that I can be.

I believe that my experiences as outlined in my CV, make me a suitable candidate for a position in the Programme.

Thank you for your time and consideration.

Yours Sincerely,

Ciara Kelly.
