Re: Summer Intern Programme Application 2020

Dear Sir/Madam,

My name is Daniel Curley and I am a final year undergraduate BCL Law and Accounting student at Maynooth University. I believe that I would be a suitable candidate for Byrne Wallace's Summer Intern Programme.

Choosing to study law and to combine it with accounting has provided me with a solid commercial background in the pursuit of a career in law. Throughout my time in Maynooth, I have particularly enjoyed researching and writing assignments, and I would now like to gain experience in applying these skills to real world client issues. As well as this, I have been fortunate enough to gain enriching work experience at small, medium and international accounting firms, which has allowed me to develop many skills which I would like to adapt and enhance in a top tier legal firm. Through working in Tax, Insolvency and Financial Advisory I have developed analytical, communication and organisational skills. I believe these skills are exemplified by my ability to balance challenging part-time work and remain as the top student in my course. I would now like to experience working in a busy commercial law practice, and Byrne Wallace appeals to me as a firm where I would be able to learn more about law and develop further my commercial acumen in a wide range of varying practice areas.

Thank you for taking the time to consider my application. I would greatly appreciate the opportunity to work with all of the trainees, associated and partners at Byrne Wallace.

Yours faithfully,

Daniel Curley
