### **COVER LETTER**

Dear Emily,

Since graduating from NUI Galway with a 2.1 Honours Bachelor of Civil Law Degree, I have held a number of legal positions. I currently work on the in-house legal team at a prominent aircraft leasing company, Dubai Aerospace Enterprise. Prior to this, I worked with a trial attorney in New York, specialising in the areas of product liability and medical negligence. I also previously held a demanding role with the commercial litigation department at Beauchamps - initially as part of the Summer Internship Programme and subsequently as a legal executive.

While researching ByrneWallace, the business immediately stood out to me as an innovative, forward-thinking firm with expertise in an impressive number of fields. I feel that my legal experience and my practical, entrepreneurial spirit would make me an excellent addition to the firm.

Having secured five FE-1 exams thus far, and with study ongoing for the upcoming November sitting, I am confident that I will have passed all eight exams by March 2021.

I welcome the opportunity to discuss further with you.

Sincerely,  
Darragh Hulgraine
