Dear Byrne Wallace,

I wish to apply for a position as a trainee in your company. I graduated from the course of Business and Law in UCD in 2019 with a first. I have accumulated experience in the legal sector through an internship with Eversheds Sutherland and I worked for a time as a legal executive in KOD Lyons. These jobs gave me a grounding in the skills required for a career in this sector. In particular in KOD Lyons I was given a lot of responsibility because the office was small and this was very important in allowing me to learn a wide array of things.

I am from a disadvantaged background and therefore I worked all throughout university in pubs and nightclubs. I have worked since I was 18. I think this demonstrates my hardworking attitude and my dedication to work.

I chose to move to Madrid in 2019 and have spent 2 years here teaching English and learning Spanish. I chose to move here to learn about a new culture and to gain a second language. I think through this experience I have gained a maturity and confidence which can't be found by remaining in your home country.

I am currently in the process of completing my FE1s and will be completing three of them this October.

I hope you will give me the opportunity to demonstrate my aptitudes and I look forward to your response.

Regards,
Denis Harney
