Subject: Letter entailing Statement of Purpose in order to apply for the Trainee Solicitor Programme

Apropos, to aforementioned subject, I wish to apply for Trainee Solicitor Programme with your esteemed organization in order to learn, grow and practice in the given fields of law *inter alia* under your tutelage.

As it can be inferred from the enclosed CV, I was working at Economic Laws Practice under Indirect Tax Litigation and Advisory along with the team of Corporate Law wherein I gained experience in drafting several petitions, legal opinions, court appearances that helped me understand the application of existing legal processes. During my tenure as an Associate at India Juris, I was engaged in execution of Shareholder Agreements, due diligence and reporting, Foreign Direct Investments in India and its compliances thereof while directly assisting clients with their company's compliances. Furthermore, with respect to my interests in Corporate Law and International Law, I am pursuing Master of Laws (LL.M.) in International and European Business Law from The University of Dublin, Trinity College Dublin where my curriculum includes EU Financial Services Law, International Business Tax Law, Principles of Commercial Arbitration, Mergers and Acquisition, International Trade Law and International Dispute Resolution. Having submitted so, I am inclined to learn, research, practice in the nuanced fields of International, Commercial and Corporate jurisprudence in elaborate and extensive manner under the aegis of your supervision and guidance.

To assist you further in deliberating upon my candidature, I submit that I have graduated with a degree of B.Com. (Hons.) from University of Delhi in 2015 before completing my Company Secretary programme from Institute of Company Secretaries of India in 2017 (ICSA in Ireland/UK). Thereafter, I completed my LL.B. course from University of Delhi in 2018 and a certification course in Cyber Laws in 2019. I, now look forward to enhance my hitherto limited knowledge and experience by developing and delving further into pragmatic applications of law. To achieve the same, I feel that quality of guidance that I require is of utmost importance and thus, submit my candidature at your esteemed organization.

I do not believe to limit myself to academic excellence and therefore, strive to experience, learn and succeed in other areas of life. I would like to advert your attention on the fact that I have been extremely active in participating in extra-curricular activities and taking up position of responsibilities. Therefore, I believe that I can adapt and change according to circumstances and face new challenges by taking keen interest in all the aspects of the work that will be assigned to me while contributing and furthering our responsibility towards society which is an imperative part of my ethics. I aspire to be able to add value to the functioning of the organization while seeking to enhance and improve the management and resolution of the tasks assigned to me. I look forward to being able to further push forward the values and ethos of your organization while purposively striving to enhance its business.

I am a focused professional with a positive outlook towards issue management and resolution. I am a team player and keen to develop and utilize my leadership & communication skills. Your good selves being the front runner in providing quality legal services to their clients with a self-enriching, augmenting environment for their future solicitors would provide an opportunity in formulating and executing result-oriented legal strategies for corporate as well as litigation matters. This will indeed help me in becoming a better legal practitioner thereby fulfilling my aspirations and that of your organizations'.

I hereby am applying for joining the Byrne Wallace Trainee Solicitor Programme. I appreciate you taking the time to review my application and look forward to hearing from you.

Best Regards,

Dhruv Khurana
