

To whom it may concern,

I am interested in applying for the Trainee Solicitor position at Byrne Wallace. Drawing from my background in International Business Law, I believe that my understanding of commercial law will be expanded at Byrne Wallace.

Byrne Wallace's line of work such as Technology, Data Protection, Employment and other legal services is of interest to me. I find Byrne Wallace's line of work very exciting and innovative.

I believe that I am a great fit for this position because my masters, undergraduate degree, and current role as a Law Enforcement Response Specialist at TikTok has exposed me not only to legal work but also technology, data protection and commercial awareness. I possess good communication, analytic, verbal and written skills. I am also a motivated, enthusiastic and ambitious individual.

I look forward to hearing from you.

Yours sincerely,

Becky Ekema
