Re: Trainee Solicitor Programme

Dear Human Resources Manager,

I hope that you are well. I am writing to apply for the Trainee Solicitor Programme at ByrneWallace. I am currently undertaking an MA in Law at Technological University Dublin and expect to graduate in May 2021. I completed a BA (Hons) in English Literature and French at Trinity College Dublin in May 2018.

I am applying to ByrneWallace as I am interested in a number of the firm's practice areas. In particular, I am interested in the work of the Property and Real Estate team. The firm's role in advising Zalando's letting under the Windmill Lane Scheme has been a source of research for my thesis, which focuses on property redevelopment.

I also admire the firm's corporate social responsibility initiatives, particularly its recent environmental initiatives and commitment to volunteering throughout Dublin. These are workplace values that I have developed as Language Assistant in the Sorbonne University, Paris, France from 2018 to 2019 and as part of my own volunteering.

I am applying for the ByrneWallace Trainee Solicitor Programme as I have heard from previous trainees that trainees are given consistent support while being allocated responsibility from the outset. In this sense, I believe that I can bring a range of analytical and goal-oriented qualities to ByrneWallace. I have experience of legal and administrative professional environments, particularly in case research and document analysis (please see attached CV for details).

I look forward to hearing from you and can be contacted at the email address and phone number provided above.

Yours sincerely,

Hannah Faul
