To whom it may concern,

It is with great enthusiasm that I am writing to apply for a Summer Internship position in Byrne Wallace. My interest in pursuing a career in law stems from my legal education throughout University where I completed my undergraduate degree with a 2.1 honours in a Bachelors of Law & Business (formerly Bachelor of Corporate Law combined with a Postgraduate LLB).

My interests and skills are a perfect match for the role of an intern in Byrne Wallace, I am very enthusiastic, a hard worker and a quick learner. With a solid foundation in the fundamentals of legal strategies, my excellent communication talents, ability to work in a fast pace environment and my time management capabilities position me ready to thrive in this challenging field and to broaden my skill set within your firm.

Throughout my work as an intern in various legal settings, I developed a keen interest in pursuing a career in litigation and conveyancing. The medium to large sized operation of Byrne Wallace is exactly the type of environment in which I hope to work within.

I acknowledge the importance of understanding clients' needs and wants in an effort to create good and long-standing client relationships. I have an ability to work both on my own and as part of a team and believe that collaboration is the key to success when it comes to client-solicitor relationships. I believe that my skill set and work ethic would be an asset to your firm.

I am excited about the possibility of speaking with you further about this opportunity with your firm. I would be delighted if you would consider me in your selection of Summer Interns for the year of 2019.

I attach my C.V. for your perusal and look forward to hearing from you.

Thank you for your time and consideration.

Yours Sincerely,

James Morrin.
