Byrne Wallace LLP – Traineeship 2021

Dear Sir/Madam,

Thank you for taking the time to read my application. I am applying for this opportunity after becoming familiar with your firm through my current employer, Mason Hayes and Curran LLP. I have a strong interest and passion for childcare law, I currently hold a position on the Special Care team with MHC and thoroughly enjoy this position.

Your firm stands out as a firm who also provides a stellar service to clients in the public and private sector, on research into the other areas of law your firm provides, I discovered multiple areas that I would enjoy learning and train in.

My experience on a busy legal team in the High Court and District has prepared me for the sitting of my FE1s and to begin training. From the webinar held by your firm I have a firm understanding of Byrne Wallace's ethos and talent in training new solicitors, I believe I can offer an eagerness and knowledge to team.

I am happy to answer any queries on my CV or my experience.

Yours sincerely,

Jessica Hession
