Human Resource Director,
Byrne Wallace LLP,
88 Harcourt Street,
Saint Kevin's,
Dublin.

Dear Sir or Madam,

I wish to apply for a place on your Traineeship Programme. I feel that my positive attitude, tenacity and international experience make me an ideal candidate for this programme.

I am in the final year of my degree of Law with French Law at UCD. I have to date worked in four Irish law firms, which has given me a valuable insight into the day-to-day life of a solicitor and has shown me the level of consistency and hard work that is expected and required in any legal practice.

I would very much like to expand my practical legal experience in a leading commercial law firm. I am very interested in your firm's core areas of work, particularly commercial litigation and insolvency. Having an opportunity to be mentored by eminent lawyers and getting exposure to high profile clients and complex and innovative transactions would greatly enhance my professional and personal development. I am particularly impressed and excited about the firm's success with the use of technology to improve productivity and client relations.

I do hope you look upon my application favourably and I look forward to hearing from you in the future.

Yours sincerely,

Katharine Purcell
