

Byrne Wallace Intern Application

03/02/2017

Please accept this cover letter and CV as application for said internship. I would be elated at the prospect of gaining practical experience through this internship, I have been very zealous about starting a career in the law sector since completing a module in *Media Law* during my studies at *DCU*. I was encapsulated from the onset, thus I have excelled in my examination results and hope to affirm such in the coming May. As an applicant for this position who has not come from a Law background I hope to bring a diverse ingenuity that may benefit me through this process. I have attained admirable and attractive skills through my *BA in Communication Studies*, for example I have studied *Presentation and Performance*, *Analyzing Media Content*, *Media writing and expression* and *Digital Media skills*. I am currently a final year student of a two year Level 9 Postgraduate diploma in Law in DIT, through this course I have obtained many competencies in the following areas of Company law and Property Law and are areas in which I have overtly enjoyed. This year I am currently studying Tort, Contract and Constitutional law much to my satisfaction.

I understand the importance in a Law based environment to obtain the ability to build a rapport with clients and I believe my last four years of working in a customer service setting has given me the ability to create long lasting relationships of trust with repeat customers, to which the Brown Thomas Group regard quite highly. Throughout my employment, I have also gained experience in all MS Applications and I also handle light paperwork on a daily basis.

I am a very eager, goal driven and energetic individual and I believe I acquire relevant experience in which I could bring a distinct set of values to the team. I would be ecstatic at the opportunity to be considered for this position upon your review. Thank you for your time,

Kind regards,

Kellie Murray
