## Summer Internship

Dear Ms Onslow,

I would like to express my interest in the Summer Internship Programme on offer with your company, I enclose my CV for your consideration. I am very excited and interested in acquiring a legal internship and I believe that should my application be successful, I would be an enthusiastic and conscientious intern for ByrneWallace.

I graduated from Griffith College Dublin in November 2017 where I achieved a 2:1 the LLB programme. I am currently attending an LLM at UCD in International Commercial Law with modules focusing primarily in the areas of finance and intellectual property.

Throughout the course of my studies, I feel that I have acquired proficient legal research and document drafting skills. These are skills which I hope will prove invaluable to both myself and a future employer through the pursuit of my chosen career.

With regard to my work background, while I do not as yet have any legal experience, heavy involvement in my family's business in the years following the recent financial crisis, I believe has provided me with a comprehensive skillset, including critical thinking skills and a unique working understanding of the practical functioning of businesses. These skills combined with a general enthusiasm for the law leads me to believe that I could be the ideal candidate for a summer internship with your firm.

I should further note that, I intend to sit the FE1 exams this October with the expectation of being eligible for a traineeship in 2019.

My CV is attached for your review and I would greatly welcome the opportunity to interview for this position and discuss my qualifications in greater detail. Should you need any additional information, please don't hesitate to contact me.

Thank you for your time and consideration.

Yours sincerely,

Kris Coleman
