Byrne Wallace Summer Internship Programme 2016

Dear Sirs,

My name is Kyle Greene and I am currently studying abroad at Université Toulouse Capitole 1 (France) on my third year of the BCL (International) programme at NUI Galway. I am interested in applying to the internship programme at Byrne Wallace.

You will note from my strong academic results that I am both determined and a hard worker. As one of the top tier law firms in Ireland I believe that taking part in your Internship will give me the opportunity to make the first steps toward my transition from a law student into a successful commercial lawyer. After a period with Byrne Wallace I would hope to have acquired the skills necessary to apply my legal knowledge and provide expert advice and service to future clients.

Byrne Wallace's international focus and ambition are also the core reasons I am applying for this internship. As an ALFA International member and Lexcel accredited law firm that fosters a 'friendly, professional, and results-driven culture', guided by the best and most dynamic professional talent, there is an opportunity to progress as a commercial lawyer through the sharing of knowledge and expertise. I would gain invaluable experience working in a full service Legal 500 top-ranking commercial law firm, alongside other solicitors and learning how they deal with clients on a daily basis and cultivate long-term relationships.

I believe that working with Byrne Wallace I can contribute a high level of skill, motivation and leadership. You will note from my CV that I have legal experience in a large Galway Solicitor's office. While working at Berwick Solicitors last summer I quickly realised that there was a steep learning curve and a huge focus on teamwork at larger Irish law firms. Through my motivation to learn from legal professionals and develop essential legal skills, I found myself prepared to integrate into a professional team and maintain the high level of service required. Furthermore, while studying here in Toulouse I spent a period working as a shift manager; this is a role that requires leadership, organization and communication. These are skills that I hope to bring and develop even further with an internship at Byrne Wallace.

In conclusion, the chance to gain a real insight into the work, people and culture at Byrne Wallace through the summer internship programme would be a tremendous opportunity and honour.

Thank you for the time and effort taken in reviewing my application, I look forward to hearing from you in due course.

Yours faithfully,

Kyle Greene
