Dear Hiring Manager,
Byrne Wallace,
Ireland

I would like to express my interest for in the Summer Internship Programme at Byrne Wallace suggested by DIT careers department and have enclosed a copy of my CV containing all my professional and educational competencies in detail.

I am currently pursuing, a master's program in Data Analytics at Dublin Institute of Technology, Dublin and learning the intricacies of Data Mining, Machine Learning algorithms, Information Visualization, and Probability and Statistics. I'm also doing Python programming course offered by Code: First Girls.

I possess one year and seven months of experience, working as 'Software Tester' at QA Infotech, India and one year and three months experience as a 'Programming language instructor'. I graduated (with a first class degree) as a Bachelor of Technology from Himachal Pradesh University, India in 2013, where I gained a strong computer science foundation in Data Structures, Object Oriented Programming, Software Testing, Data Mining and Parallel Computing.

For me, internship at Byrne Wallace will provide me with a platform for working on cutting edge technologies, indefinite learning and would also make me learn a great deal about the work culture at Byrne Wallace. My academic, communication and technical abilities and experience, make me believe that I would prove a suitable candidate for this position.

I would like to take the opportunity to thank you for your valuable time and consideration. It would be a great opportunity for me to work as a part of Byrne Wallace and deliver to the best of my skills and abilities. I look forward to hearing from you and would be glad to discuss my application in detail.

Yours sincerely,

LATISHA PANWAR
