Dear ByrneWallace,

I write to you to express my interest in your upcoming Summer Internship Programme. I am currently studying a B.A. in Economics, Politics and Law in DCU. ByrneWallace is a well established firm and highly recognised. I would love the opportunity to work with the firm this summer as I intend to finish my degree and begin my FE1s to become a solicitor. I believe this internship would deeply broaden my horizons in terms of Law in Ireland on a day to day basis. I attach my Resume and my Online Application.

Thank you for taking the time to view my application.

Kindest Regards

Louis Carroll
