

Dear Sir/Madam,

I would be most obliged to be considered for the Trainee Solicitor Programme.

I possess close to eight years of experience in customer service, sales, accounting and legal roles as well as competency in multiple IT systems and the full Microsoft Office suite.

I am currently completing the final year of an LL.B. in Trinity College Dublin, whereby I will have studied all eight subjects covered by the FE1 exams. I have also recently completed an internship in Dublin City Council's Law department, focusing on both conveyancing, whereby I inspected titled deeds and ensured all relevant documentation, such as lease agreements, contracts, inspections and reports were duly executed, as well as personal injury and other litigious matters involving the Council.

I am extremely hardworking and dedicated to fulfilling my dream of becoming a solicitor. Throughout my professional and academic career, I believe to have developed the skills and attributes necessary to serve as a solid foundation for the vast knowledge and invaluable experience I hope to gain throughout the Trainee Solicitor Programme at ByrneWallace LLP.

I would be delighted to discuss my C.V and this role further at your earliest convenience.

Kind regards,

Luke Hynes
