To Whom It May Concern,

As a current law student and previous intern of Arthur McLean Solicitors and Building & Allied Trades' Union, it is with great enthusiasm that I am writing to apply for the summer internship position at ByrneWallace. I find my knowledge; skills and experience to be a perfect match for this traineeship

As an intern at Arthur McLean, I gained first-hand experience in legal processes and the court system. Through this work, I became familiar with the set up within the office and the courts, as well as with legal documentation and proceedings. Further, I had the opportunity to work hands-on with clients and specific cases.

ByrneWallace is such an amazing law firm. It practices such intriguing and challenging areas of law, which I would love to be studying under. I find that ByrneWallace is a people based law firm, in that it protects their interests through expert application of the law. Getting the opportunity to work here would be better than words can describe.

As my experience and education indicate, I have a serious interest in Law and possess the necessary skills to excel as a legal trainee. I look forward to hearing from you and can be reached at 0858349538. Thank you for your consideration.

Sincerely,
Mark Smith
