Dear Sir/Madam,

I am a final year BCL Law student at Dublin City University and I am writing to apply for the position of Trainee Solicitor with your firm. I learned about your organisation through college fairs, and was given the opportunity to learn more about your firm and its core values through your website.

I am a highly experienced individual having worked in various areas of law, including over four months of experience in a Criminal Defence Firm and almost twelve months of experience in a Corporate Law Firm in the more niche area of Mortgage and Debt Litigation.

Regular court attendance and communicating with legal counsel played a large role in both of these positions, but these roles also developed my transferable skills through engaging with clients and government authorities on a daily basis.

My part-time work experience in Hospitality has also developed these skills. I am a punctual, enthusiastic and motivated individual who is keen to learn. These traits can be reflected in some of my achievements, including:-

- **DCU Silver Engage Award:** I received this award in recognition of my commitment to extra-curricular activities outside of the lecture hall, including volunteering and society involvement.
- **Matheson Virtual Experience Programme:** I was given the opportunity to experience life in a Law Firm by completing tasks in the areas of Finance and Capital Markets.
- **Pinsent Masons Virtual Experience Programme:** I worked in the areas of practice including Transactional Services, Finance & Projects and Construction, Advisory & Disputes.

Please see enclosed a detailed resume highlighting my experience and education. I would very much appreciate the opportunity to work for this company as it aligns with many of my own values, namely the commitment to delivering excellent service to clients and your rigorous practice standards. Thank you in advance for your time and consideration.

Yours faithfully,

Nadya Tighe
