Ms Fox,

My name is Neringa Juodkunaite and I am currently pursuing a Master's Degree in International and European Business Law at Trinity College, Dublin. I would like to apply for the opportunity to participate in your Summer Internship Programme.

I have a keen interest in the forces that shape the commercial environment, which initially motivated me to pursue an undergraduate degree in Economics, Politics and Law, at Dublin City University. I specialised in Law and achieved a First Class Honours in my degree. I believe these over-arching disciplines are married in the corporate law realm and knowledge of the economic, political and legal spheres of the international and domestic commercial environments is a prerequisite to having a comprehensive understanding of the clients' business needs, which in turn ensures efficient and effective client service.

The diverse range of clients and unrelenting standards of excellence, as evidenced by the Lexcel Award, is what attracted me to complete a summer internship at ByrneWallace as it would expose me to an exciting company with brilliant, dedicated people, guaranteeing an enlightening and challenging work experience.

Moving to Ireland and spending a year abroad in Berlin, studying Business Administration, Economics and Law, during my undergraduate degree, demonstrates my ability to adapt and succeed in new and challenging environments. As a result of these experiences, I speak a number of languages and can easily communicate with people from various backgrounds. These skills give me an advantage at my part-time jobs, both waitressing and providing piano lessons, where I also developed excellent customer service skills. In pursuit of my degrees I developed presentation, research and writing skills, whilst cultivating my ability to think critically, which allows me to objectively analyse and solve legal problems. I have further developed these skills as a volunteer at the Ballymun Community Law Centre while interpreting and implementing the Governance Code. I also applied my teamwork skills while drafting policies, and later presenting and negotiating them with the Board of Directors. It is my strong work ethic, knowledge and enthusiasm that I would be pleased to bring to the summer internship position at ByrneWallace.

I look forward to further discussing my qualifications, which are presented in my resume, and demonstrating how I would be a perfect fit for the summer internship at ByrneWallace. Thank you for considering my application.

Yours sincerely,  
Neringa Juodkunaite
