To whom it may concern,

I wish to apply for the 2015 Trainee Solicitor Programme and I enclose a copy of my curriculum vitae.

I believe I am an excellent candidate for the Trainee Programme with Byrne Wallace because I am a very motivated and driven person. I strive for both personal and academic excellence, and this is reflected by the fact that following my second year examinations I held the first place class ranking. I completed an internship programme in 2015 and I gained an invaluable insight into the life of a trainee. This experience confirmed my belief that I have the traits required to excel as a trainee- I am incredibly enthusiastic and possess a strong work ethic. I have willingness to step outside my comfort zone, as demonstrated by my acceptance of a place on the Erasmus programme. I spent a year studying abroad at the University of Oslo in Norway.

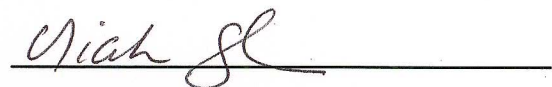

I am passionate about joining Byrne Wallace because I believe I fit in line with the values of the firm. I love to work as part of a team but I am equally willing to take on a leadership role. I appreciate the importance of a client-centred approach and the need to be both quick, responsive and innovate when dealing with clients.

I have a keen interest in the commercial world and achieved a grade of 1H in my Commercial Law exam. I wish to further the business side of my education in order to become the best business advisor I can be. I am convinced that Byrne Wallace is the place for me to further my knowledge of both the legal and the business world. The support, guidance and feedback offered during the training programme coupled with the opportunity to work as part of a team would allow me to achieve this.

I believe Byrne Wallace is the ideal place for me to pursue a career in corporate law.

I look forward to hearing from you in the coming weeks.

Yours faithfully,

Niamh Glavin
