Re Trainee Programme at Byrne Wallace.

To whom it may concern,

My name is Patricia Camilon and I wish to apply for a place on Arthur Cox Trainee Programme. I am on my final year studying Law at Dublin Institute of Technology and expect to graduate in 2019 with a 2:1 degree.

I have gained experience to date working as part of teams for various international coffee brands. These positions have provided fruitful employment during my university years. However, I now seek an opportunity that will enable me to broaden my horizons and gain experience in a legal practice which is where I want to position my career upon graduation. I am looking to expand my skill-set and implement my learnings to date at law school in a more practical legal environment.

I have IT skills, experience dealing with the public and an awareness of the law and legal system in Ireland.

I possess a high-level of professionalism, experience working in a fast-paced and complex environment, strong analytical skills and communication skills. I am intelligent, personable, enthusiastic and interested. I am a self-starter with the ability to work to tight deadlines and deliver results with little supervision. I am eager and willing to continue learning and developing on both a personal and professional level I feel that I could bring a lot to the position.

I look forward to seeing you soon.

Yours sincerely,

Patricia Camilon
