To Whom It May Concern,

I am writing to outline my experience in law in support of my application to work as a trainee solicitor in Byrne Wallace Solicitors. I believe I possess the skills, experience and enthusiasm to work effectively as a trainee solicitor in Byrne Wallace Solicitors.

As a result of working as a Legal Assistant, Paralegal, Commercial Litigation Intern and Judicial Extern, I have gained experience in a diverse array of legal areas. Through working as a Legal Assistant, Paralegal and Commercial Litigation Intern, I have gained experience in legal drafting, case management, client care and general administrative work. These experiences have also instilled in me the ability to work successfully and thrive in fast-paced and challenging working environments. My varied legal roles have also enabled me to amass excellent analytical and legal research skills. By conducting legal research and drafting legal documents, I have been able to hone my analytical and legal research skills.

I am a hard-working person and can work successfully with minimum supervision. As I have worked in Ireland, Argentina and America, I am a very flexible person. I can adapt to any challenge with ease, whether that is teaching English to 30 spirited Argentinean students or briefing a federal judge on why a case lacks jurisdiction.

I believe the opportunity to train as a solicitor in Byrne Wallace Solicitors would prove both professionally and personally rewarding. It would afford me the opportunity to work to the best of abilities in a modern and progressive environment. It would be a privilege to work with and learn from lawyers who are described by the Legal 500 and Chambers Europe as being "outstanding", "practical", "very capable" and "committed". I hope that with the training I would receive in Byrne Wallace Solicitors, I would develop into such a solicitor.

If you require any further information, please do not hesitate to contact me. I thank you in advance for your time and consideration.

Yours sincerely,
Ronan Shaughnessy.
