Sub: Cover Letter for Traineeship Program

Dear Sir,

Please consider my application for the Traineeship Program. Following our conversation with one of your Partner at the open evening. I developed a keen interest in joining your firm. After 7 years of experience as an Attorney in India, I am looking forward to gain international exposure and take the next leap in my carrier.

As an Attorney I had the opportunity of providing my services to the clients ranging from Multinational Companies like Asian Paints, Blue Star to startups like Ideawavelabs and Matrix Media. I was actively involved in providing pro-bono services at the Justice Juvenile Board and to the senior citizens and low-income groups. I had an opportunity of obtaining a landmark judgment with respect to civil prisons.

During my under-graduation, I had interned with Deutsche Bank in the Foreign Exchange department which had been my foray into International Law. This led me to currently pursuing Masters Course in International Commercial Law at University College Dublin. I have decided to continue in this niche field and the traineeship program will help me better understand the workings within a global firm.

I am confident of bringing an in-depth knowledge of the field as well as practical experience to the role. I hope to make a meaningful contribution that will make me valuable asset to the firm.

Yours Sincerely,
Sangram Lotankar
