Dear Manager

Re: Summer Internship 2020

I am writing to apply for a place on the ByrneWallace Summer Internship Programme 2020. I am a third year Law and Political Science student in Trinity College and wish to pursue a career in corporate law.

I am interested in gaining a place on ByrneWallace's summer internship programme for the following reasons. I wish to obtain a traineeship with a corporate law firm of ByrneWallace's calibre and ultimately to work as a corporate law solicitor. I believe that working with top national and international clients on pressing issues would be intellectually stimulating and rewarding.

I am particularly interested in the areas of environmental, energy and EU law as I believe these to be increasingly salient in our society as well as having a personal interest in both environmental and EU matters. Through my degree I have studied the dominant institutions of Ireland and the EU from a legal and political perspective. Through my involvement in extra-curricular activities, I have gained several skills which I could bring to ByrneWallace. For instance, I am a Senior Editor of Trinity College's Law Gazette 'The Eagle' where I have acquired writing and leadership skills, and I am the Campaign Coordinator of a sustainability campaign in TCD, in which I have gained organisational and public speaking skills.

It is for the outlined reasons that I believe I would suit and prosper with ByrneWallace in a summer internship. I hope that you will consider my application and I look forward from hearing from you.

Yours sincerely,

Scott Murphy
