

Dear,

I am writing to express my strong interest in working at BYRNE WALLACE. I am currently a student at Dublin Institute of Technology and I expect to graduate in June 2018 with an honours degree in Electrical and Electronic engineering. I'm very interested in joining your team and applying my creativity, problem solving, and planning skills in your organisation during my work with BYRNE WALLACE.

I enjoy working on team projects and tend to gravitate towards the project manager role because I have a good aptitude for allocating resources, multi-tasking and managing projects under tight semester deadlines.

I am confident that my creativity and interest in the electrical field searches and passion for project management will make a real difference at BYRNE WALLACE while allowing me to gain valuable experience in the process. I've attached a CV with further information about my educational and extracurricular background. I look forward to hearing from you and further discussing this great opportunity. Thank you for your time and attention.

Sincerely,

Yassin Altaho
